Seeks Re-election

CHIEF GUY WOOD
Pahokee, Florida

Guy Wood Is Seeking Re-election

Pahokee's Chief of Police, Guy Wood, is asking the voters for a full term in that office. He served nine months by appointment and a year ago was elected to complete the remaining one year of Leon Guthrie's term.

The chief, in announcing for re-election, had the following to say about his candidacy: "My platform is to maintain efficient and impartial law enforcement. I am not sponsored by or obligated to any individual, group or organization."

In commenting about the remaining days before the city election, Chief Wood continued: "I am going to make a sincere effort to see all of the voters before May 3. However, if I fail to contact all of them, I want them to know that their vote and support will be greatly appreciated. As chief of police of our fine city, it shall be my intention to continue unbiased law enforcement with courtesy and business-like administration at all times."

Rezoning Denied For Labor Camp

The Palm Beach County zoning board by unanimous vote last Thursday refused a rezoning request by Frank Brady of Pahokee to rezone the 17 acre tract of land immediately south of the auto junk yard on 715 from A-1 Agricultural so that a labor camp could be built.

The groups protesting the change included the beautification committee, the Belle Glade Lions Club and the Belle Glade Chamber of Commerce. Local grower Fritz Stein, Jr. was among individuals who appeared to protest the plan.

Included in protests lodged with the commission were arguments that the waterfront area would be put to best use for single family residential dwellings or for future parks or recreational facilities.

VISIT ST. PETERSBURG

Mrs. A. M. Sims and daughter, Lillian, and Miss Paula Gail Bryant were the weekend guests of Mrs. Sims' daughter and family, Mr. and Mrs. Dorsey Thompson and son, Dorsey, Jr., in St. Petersburg. While there they also visited Mr. and Mrs. Ponce McDonald, Mrs. Sims' sister and brother-in-law.

Vegetable Demand Fair, Prices Steady

The demand for Glades vegetables has been fair during the past week and the prices have been steady, according to announcement by the marketing bureau. Offerings have been unusually light and it is expected that a heavy crop will start coming in within the next few weeks.

When the heavy crop comes in the latter part of April and the first few weeks in May, it is a known fact that labor is going to be scarce. Some of the growers are making arrangements ahead of time for labor and others, as usual, will wait until the last minute to arrange for help.

During the past week there were a few green snap beans on the market and the prices ranged from \$3.50 to \$3.75 per bushel hamper for harvesters. Cabbage, with a moderate demand, sold for \$1.50 to \$1.75 per bushel.

There has been a fair demand for celery during the past ten days and the price has been ranging from \$1.75, \$2.00 to \$2.75 per bushel crate.

J. L. McCall Surprised On Birthday

A surprise birthday party for J. L. McCall was held at the home of Mr. and Mrs. Charles Maxson in Canal Point on Friday night.

A color scheme of yellow and blue was used throughout the house. The table was laid with a cutwork cloth with an Easter arrangement as a table decoration. On one end of the table was a sterling silver candelabrum which held yellow tapers and on the other end of the table was a silver punch bowl. A silver tray held the birthday cake which was decorated with yellow roses. Yellow tapers and Easter arrangements were used throughout the living room.

Miss Laurel McCall presided at the punchbowl and Mrs. M. C. Carter served the birthday cake to approximately fifty guests who helped Mr. McCall celebrate his birthday.

The out-of-town guests who attended the surprise celebration were Eugene McCall of Norfolk, Virginia, and Dr. and Mrs. James McCall and children, Laurel and Dale of Atlanta, Georgia, both Mr. McCall's sons.

Mr. and Mrs. Foster Lassiter have as their guests his niece and family, Mr. and Mrs. Johnny Johnson, of Florida, Alabama.

Light Fund Needs Cash To Pay Bill

The fund to pay for street lights in Canal Point needs cash and needs it now to help pay the lighting contract with the Florida Power and Light Company. It is a fund raised by voluntary subscription and every person in Canal Point who goes out after dark is a potential subscriber to the fund.

Through the years the Canal Point Lions Club has acted as agent between the Power Company and the citizens of Canal Point in making all arrangements for the street lights. It was through the Lions Club that Canal Point got street lights in the first place several years ago. They have made it an annual project and right now they need the help of the folks who enjoy street lights to get up the fund to pay the light bill for another year.

If you enjoy the lights and would like to make a donation to the fund, it is quite easy to do. Just contact any member of the Canal Point Lions Club with your check. This will do the trick.

Policemen Are Given Awards

Capt. J. M. Hagans, commander of Troop "1" of the Florida Highway Patrol, presented awards to the members of the Pahokee police department and auxiliary who had recently completed a 13-week course in riot control at a ceremony on Saturday at the Pahokee fire department headquarters.

Police Chief Guy N. Wood arranged the ceremony with Mayor Duncan Padgett, Cpl. Danny Jackman, commander of the FHP detachment in Pahokee, and other members of the FHP auxiliary taking part.

The guests were served a steak dinner in the fire house with Fire Chief Marvin Levins and auxiliaryman Jimmy Batchelor in charge of the food preparations.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH

U. S. SAVINGS BONDS

STATE PARK FOR LOCAL AREA NOW SEEMS ASSURED

It begins to look like the Canal Point-Pahokee area will get that state park that has caused so much conversation during the past few months. Most of the opposition, heretofore rather loud in some parts of Pahokee, melted away last Thursday when a large crowd gathered in Pahokee to hear state park officials tell of the proposed park.

The meeting was held under the sponsorship of the Pahokee Chamber of Commerce with Bill Moss, president, in charge of introductions. He presented state park officials and city engineers who told the crowd what could be expected in the way of starting construction of the proposed park. \$125,000 is supposedly available to get things underway and this amount will make a great start for the park which will take many times that amount before it is completed.

Entrance to the park will be in front of the city hall in Pahokee. The Park, when eventually completed, will reach from Bacom Point to the Canal Point hurricane gate, it was pointed out by those telling of construction plans.

One of the state officials said that the park would be open from 9:00 a. m. until 9:00 p. m. and that an admission fee of \$2.00 would be established.

In addition 287 children received service during the month, 213 of whom were in foster homes. The total state and local cost for direct child care was \$13,680.

There were 7 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

Witnesses In Assembly

During this year Jehovah's Witnesses will hold their 50,000th Circuit Assembly!

It was back in 1946 that this arrangement was inaugurated by the Watchtower Bible and Tract Society.

Twice a year congregations tied together as a "circuit" would meet for a three-day assembly. In addition to special talks and demonstrations an opportunity would be presented for those who had recently made dedication to symbolize it by public baptism.

For Jehovah's Witnesses in southern Florida, it was announced to the local congregation that the first of two seminars this year

will be held at Fort Myers, April 29 to May 1.

Jean Rainbow, presiding minister of the Belle Glade congregation, said the circuits in Florida have grown from one in 1946 to eight. Over 150 congregations regularly send upwards of 20,000 delegates semiannually to these seminars.

D. F. Bowman, Circuit Supervisor who has been attending assemblies of Jehovah's Witnesses since 1946 said, "It is heartwarming to see whole families sitting attentively at all the sessions just drinking in the 'Word of God' as it is being expressed by the speaker on the platform."

J. Saia, District Supervisor for the Southern United States, will deliver the principal discourse. Mr. Saia has been associated with Jehovah's Witnesses for the past 30 years and has been overseeing

these circuit assemblies for the past 20 years.

Kill this pellitory weed
in sugar cane.
Use Atrazine. Here's how:

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
